### Product Information Sheet

Adhesive	Renewable resource adhesive 60% plant-based by weight. Made from non food plant that replenish annually
Color	Various – see the most recent catalogue
Note format	Notes (flat pads)
Recyclable	Yes

\*These are average values. 3M does not guarantee every product will have these specific test values. Actual values may vary and may be greater than or less than the averages listed.

Feature (has)	Advantage (which means)	Benefit (so that)
Multi-pack format	Ability to share pads within an office	Saves money. Increases collaboration among coworkers.
Assortment of colors	Pleasing colors	Specific points / messages can be highlighted
Numerous size options	Correct size to meet user's needs.	Increases productivity
	Saves paper - use only the size/amount of paper needed to effectively communicate or capture info	Responsible consumption
Repositionable Adhesive	Convenient. Easy to make copies of document without removing staples. Allows you to make comments without damaging the original.	Saves time
	Notes do not hide/cover-up important information	Increases productivity
	Removable, reusable	Easy to use
	Can be applied to a variety of surfaces without damaging them	Reduces worry
Only for notes with printed lines or squares	Allow for well spaced, neat writing	Improve communication with a well written note.

## Key Features

- Self stick notes. Notes are removable and repositionable
- Post-it® Super Sticky Notes have 2x the sticking power of Original Post-it® Notes, yet remove cleanly.
- **NOTICE:** Adhesive may mark some surfaces or lift inks. Colors may bleed when wet. It may not be suitable for use on delicate paper or surfaces. Cleaning and conditioning products may affect adhesion. Test before using.
- Sure, Post-it® Super Sticky Recycled Notes look and stick like your regular Post-it® Notes, but there is a difference – 100% Recycled paper (30% post-consumer waste content) and a Renewable Resource Adhesive 60% from plant that replenish annually. This means that no new trees were used to make the paper.

### Product Information Sheet

- Made from 100% Recycled paper (30% post-consumer waste content)
- Made with Plant-Based Adhesive that is 60% plant-based material by weight. The plant material used to make the adhesive is a non-food plant that grows annually.
- Notes are Recyclable: you can recycle these Post-it® Super Sticky Recycled Notes so they'll be turned into something new

ENVIRONMENTAL CHARACTERISTICS		
Papers used for Post-it® Super Sticky Recycled Notes are <b>100% Recycled</b> (with 30% PCW content)	This certification guarantees the percentage of recycled fibers and the elimination of some substances harmful for environment and human health.	Protection of the environment by reducing the use of natural resources
Papers used for Post-it® Super Sticky Recycled Notes are <b>PEFC RECYCLED</b> certified	This certification helps contribute to the protection of the environment, namely does not impact the old growth forest by using well managed planted woods	Post-it® Notes fulfil customers' environmental expectations by our long history of continuous environmental improvements to minimize the impact of our manufacturing processes and products on the global environment
Renewable resource adhesive is made with 60% Renewable Plant material by weight	This selection helps contribute to the protection of the environment, by using renewable material and reducing dependance on petroleum-based materials. Adhesive is produced from resources which are not harmful to the planet	Encourage more sustainable consumption
Cardboard packs	No individual plastic wrapping of the pads.	Usage of cardboard pack as storage solution. Reducing impact on the environment by reducing waste
Post-It® Notes manufactured in an ISO14001 certified factory with on-going pollution prevention actions and programs	In-process and ultimate paper wastes collected and managed through dedicated waste stream recycling	Manufacturing paper waste shipped to a waste paper collecting company for further recycling
	3M has a strong environmental management system in place according to ISO 14001 standards and regularly checked by notified body since 1996	Pollution risk occurrences minimized at all stages of the manufacturing process as required by ISO14001 principles and practices.
Post-It® Super Sticky Recycled Notes can be recycled	Notes can be treated like any other office waste paper (please refer to your local waste management and sorting instructions.)	Notes can be disposed in paper office waste bins, therefore go through the normal paper recycling waste stream

## Applications

Post-it® products are designed for indoor use. Post-it® products can be used in cold conditions to sub-zero temperatures, if applied at room temperature. They can be used in conditions as high as 48°C, but may fail in high shear applications at elevated temperatures.

#### Product Information Sheet

Caution: Cleaning and conditioning products may affect adhesion Colors may bleed when wet. Test before using

## Certifications

Post-it® Super Sticky Recycled Notes are PEFC RECYCLED Certified.

3M multi-sites PEFC Chain of Custody certification number for EMEA is **SGSCH-PEFC-COC-110078**, whilst the logo license number used on-pack is **PEFC-15-31-0134** (COC certification number previously CH18/0914 - Logo License Number previously 10-31-1996 for finished goods manufactured or converted in Europe / 29-31-22 for finished goods coming from our USA factory)

## Shelf life

The minimum shelf life of Post-it® Notes sold by 3M Office Supplies Division is two years from the date of manufacture.

To guarantee Shelf life, it is recommended that all Post-it® Notes be stored at optimum conditions (40-60% relative humidity and 15°C-26°C) when warehoused or on retail shelves.

## MADE IN Information

Due to weight of paper in the product, all Post-it® Notes carry the mention “Made in USA with globally sourced materials”, even when converted in Europe.

## Information for Circular Economy

Post-it® Notes are Recyclable.

In any case, please refer to your local waste management and sorting instructions.
