

STABILO®

STABILO® point 88®

The market-leading fineliner since more than 40 years

WRITING

IN A NUTSHELL

STABILO point 88 is a fineliner with a line width of 0,4 mm and available in 65 vibrant colours - 96 % of bio-based plastics is used to produce the pen body (mass balance approach). Its metal-enclosed tip provides strength and durability. Its high-quality tip ensures a smooth writing on paper.

Its hexagonal shape with orange and white stripes is recognisable at first sight and with a writing length up to 1000m, STABILO® point 88® is perfect for precise work, graphs, diagrams, cartography and colourful writing.
