

# STABILO® Pen 68

The benchmark felt-tip pen since more than 50 years

COLORING

## IN A NUTSHELL

Available in 65 brilliant and luminous colours, STABILO® Pen 68 is a classic for drawing and ISCC PLUS certified: 96 % of bio-based plastics is used to produce the pen body (mass balance approach). High-quality felt-tip pen, it has been produced in our factory in Germany since 1966. Valued by everyone who is creative, beginner or expert, adults and children, it is convincing with its large range of colours and its robust M-tip. It offers a long-lasting performance with a 24-hour cap-off time. Ideal for fine arts, creative hobbies, drawing and colouring large surfaces, it is also partially aquarellable.

### Good to know

Pen 68 is also available in metallic colours (Pen 68 metallic) and with a brush tip (Pen 68 brush) and a large chisel tip (Pen 68 MAX)
